- Pediatric Cardiology
- Pediatric Radiology
- Pediatric Neurology/
Epilepsy

Thursday, May 20, 2010
12 - 7 p.m.

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN

Minnesota Chapter

Delivering Next Generation Care

Message from Michael Severson, MD, FAAP

Chairman, MNAAP Rural Health Committee
Chairman, District VI, American Academy of
Pediatrics Board of Directors

Dear Friends and Colleagues,

I am pleased to announce that the Rural Health Meeting is marking its 11th year and I invite you to participate on Thursday, May 20, at the BayView Event Center. This is a great lakeside setting. We'll have a nice lunch, a relaxed schedule with great discussion involving all participants and guest consultants, followed by dinner and continued conversation.

I don't think there has ever been a more important time for rural pediatricians to get together and discuss the ever-increasing challenges of delivering quality care medicine and earn a reasonable income.

Please come for all or even a portion of the day to engage in conversations about the future of rural pediatric practice. Our guest consultants will be:

Thomas Sutton, MD, pediatric cardiology

Richard Patterson, MD, pediatric radiology

Jason Doescher, MD, neurology/epilepsy

Please make immediate arrangements to join us in this valuable experience. I am certain it will be refreshing and worth your time.

PROGRAM OVERVIEW

This program will provide knowledge of current concepts in the care of children with cardiac issues, radiology procedures, and epilepsy solutions. The round table discussions will address practical issues faced by pediatricians and their patients and families.

PROGRAM OBJECTIVES

Following the round table discussions, participants will be able to:

- identify recent changes in cardiac care for the critically ill child.
- discuss new and accurate imaging for common issues seen in the pediatric practice - urinary reflux, pyloric stenosis, appendicitis, etc.
- discuss various pediatric epilepsy topics such as spells vs seizure, febrile seizures, seizure work-up and status epilepticus.

CONTINUING EDUCATION

Children's Hospitals and Clinics of Minnesota is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

Children's Hospitals and Clinics of Minnesota designates this educational activity for a maximum of 3 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with their participation in the activity.

This activity is designed to meet the Minnesota Board of Nursing continuing education requirements; however, nurses are responsible for determining whether this activity meets the requirements for acceptable continuing education.
